

PVC FOODFILM

- Our PVC Filmwrap has been specifically designed to protect fresh food which enhances product presentation with a high gloss and a great visual appeal.
- The production and technological capabilities allows us to produce film that is precise to customers needs whatever the application.
- The film can be used on manual or automated machines and can be supplied pre-perforated.
- CIBAPAC Packaging supplies PVC film in both unprinted and printed forms, with printing ranging from 1 to 5 colours.
